

Title: Scaling and Managing Harvested Timber

Code: 4762	Credits: 41	Duration: 615 hours
Training sector: Forestry and Pulp and Paper (12)		
Certification of studies: Skills Training Certificate (STC) (awarded exclusively by school service centres or school boards)		
Authorized in: 2024		
Mandated school service centre or school board: de la Capitale		
Participating school service centres or school boards: : des Monts-et-Marées, de l'Énergie, de l'Estuaire		
Occupations: Log scaler		

Program of study objectives: People in this profession not only work in the lumber yards of wood processing companies, but also work directly on job sites where trees are felled. A scaler is responsible for measuring the volume and assessing the quality of harvested logs using a variety of techniques, equipment and reference materials.

Conditions of admission:
A person who meets the following conditions is eligible for admission to a program of study leading to an STC:

1

Has obtained at least Secondary III credits or the equivalent in the language of instruction, second language and mathematics;
or Has obtained an Attestation of Equivalence of Secondary Studies (AESS);
or Has successfully completed the General Development Test (GDT) with or without specific prerequisites.

2

Has interrupted their full-time studies for at least 12 months;
or Is 18 years old when entering training;
or Has obtained a Secondary School Diploma (SSD) or a Diploma of Vocational Studies (DVS) or their equivalent;
or Meets the eligibility conditions of Emploi-Québec’s workforce training measure.

X

This program is accessible via the [TCST-STC bridge](#).

PROGRAM OF STUDY CONTENT

AEP Code	Statement of the Competency	Hours
AEP 762-011	Situate oneself with regard to the profession and the training process	15
AEP 762-022	Use office automation software	30
AEP 762-032	Characterize scaling and the forestry industry in Quebec	30
AEP 762-043	Operate motorized and non-motorized equipment	45
AEP 762-052	Determine diameters, lengths and volumes of logs	30
AEP 762-065	Identify tree species and evaluate their quality and suitability for processing	75
AEP 762-072	Interact and communicate with others in work-related situations	30
AEP 762-085	Undertake preliminary preparation work related to the scaling of timber	75
AEP 762-094	Scale timber harvested from public forests prior to transport	60
AEP 762-105	Scale timber harvested from public forests following transport	75
AEP 762-114	Scale timber harvested from private forests prior to and following transport	60
AEP 762-122	Conduct inventories	30
AEP 762-134	Produce documents required by a wide range of forestry stakeholders	60

Recognition of acquired competencies is possible for candidates who enroll in programs of study leading to a DVS.
